Made For Life

The Steelite International Lifetime Edge-Chip Warranty is your assurance that all Performance and Distinction products manufactured in our UK factory are fit for purpose.

All Performance and Distinction products are made with high-alumina content to ensure ultimate strength. Vitrified Ceramics prevent crazing and cracking that lead to bacterial ingress over time, thus enhancing sanitation and food safety efforts. Each piece is inspected, examined and tested so you can be confident it will withstand the rigours of the modern commercial kitchen and remain chip-free. This commitment to quality excellence ultimately results in product that you will replace less often – great for your kitchen, great for your long term costs and great for the environment.

Environmental & Sustainability Practices

Steelite International work closely with a number of suppliers and organisations, and are continually monitoring, developing and improving procedures to create minimum impact on the community and environment, while ensuring maximum efficiency and cost savings for the future sustainability of the business.

Steelite International is a member of The Green Organisation that rewards and promotes environmental best practice around the world, and the Staffordshire Business & Environmental Network, which aims to help local businesses reduce environmental impacts while also generating profits.

We have a dedicated and innovative approach to caring for the environment. In 2019 Steelite were awarded an engineering gold Green Apple Award for the implementation of a waste water centrifuge system.

Our new centrifuge system works by spinning waste material out of waste water at very high speed, the water is separated from waste glaze and then reclaimed saving around 20 cubic metres of water per day. This has dramatically improved the quality of waste water that does leave site. A part from significantly reducing water, it saves glaze and lowers energy usage on site too.

In 2007, the business became one of only five companies in the UK to install a Lamella system. Steelite is the only tableware manufacturer to use a Lamella system for recycling clay waste.

In addition to clay recycling, fewer chemicals are now required to separate waste. This has a positive effect on the environment and water discharged from the site is also purer.

The Lamella has significantly reduced Steelite International's impact on the environment. The company now recycles in excess of 99% of manufacturing waste. In 2010 we received a Green Apple Award for the Lamella project.

Sascha Stenberg, Chef/Owner • Haus Stenberg – Anno 1864. Velbert, Germany

Haus Stenberg has long been one of the established top restaurants in the Bergisches Land. The philosophy of tradition combined with innovation has been consistently recognised with a Michelin star since 2013. This family tradition began in 1864 at the current location in Velbert. In 2003 Sascha returned as the Head Chef in charge, he stands for sophisticated, fine regional cuisine. Since 2015, he has been running the house in the fifth generation with his wife Coren. "Steelite for me is the perfect match: From rustic, colourful tableware to elegant fine bone china, here I find a great selection for my different dishes and applications in fine dining or catering. However, what impresses me most is its exceptional breaking strength. Despite daily use, the breakage so far is virtually zero."

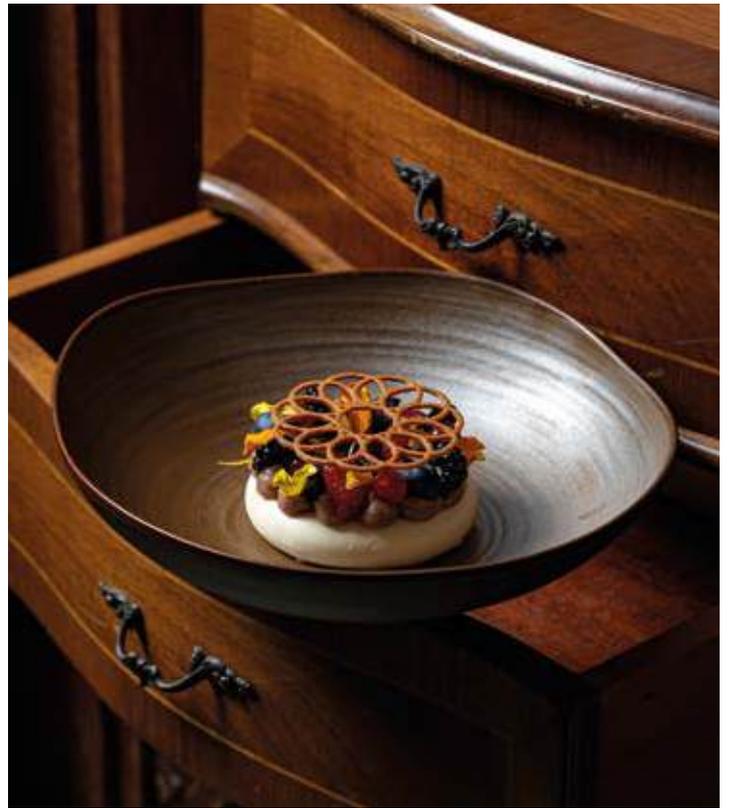

Tamer Al-Noty, Executive Chef • Dukes the Palm a Royal Hideaway Hotel, Dubai, UAE

“At Dukes the Palm, we pride ourselves on delivering an exceptional dining experience to our guests, and William Edwards plates play a crucial role in achieving that standard. Their superior quality, durability, and elegant designs perfectly complement the aesthetics of our presentations, enhancing the overall guest experience. Personally, I have always loved white plates, as they provide the perfect canvas to make the food and its ingredients stand out, allowing the creativity and craftsmanship behind each dish to truly shine. Choosing Steelite is not just about functionality but also about aligning with our commitment to excellence and innovation in hospitality.”

Peter Bradley, Director of Food and Beverage • The Westin London City, UK

Opened in 2021, The Westin London City hotel boasts an impressive riverside location and spectacular views over London's historic River Thames. Carefully designed with sympathy for local elements, every detail of this spa hotel has been curated to ensure customer experience is of the highest level. This includes the F&B offerings, whether it be in Hithe + Seek, a stunning wine bar with panoramic London views, or Mosaic, the convivial all-day dining restaurant. "I think the Art of Presentation is an excellent way of describing it because presentation is an art. It's not just about sitting down and having food or drinking a cocktail. It's about what it's served on. The reason we went with Steelite is because they proved themselves to be the best."

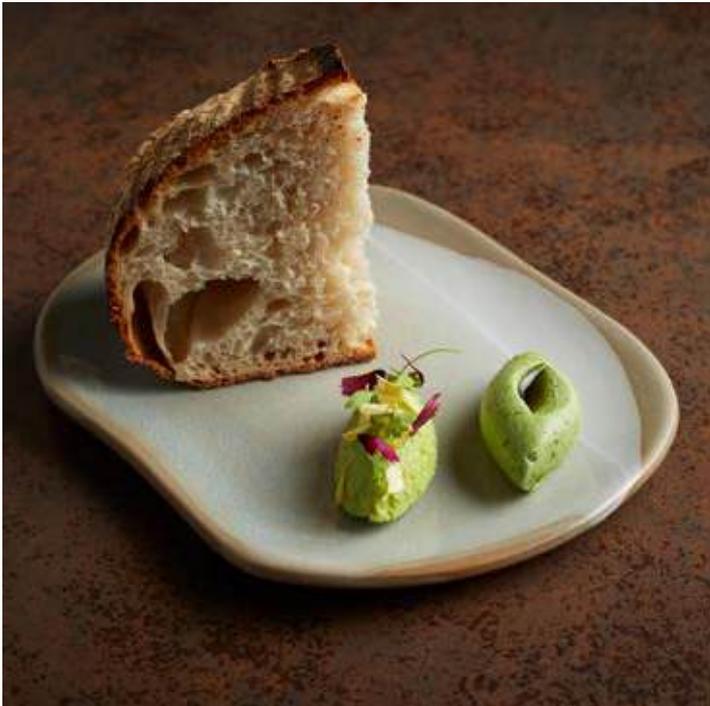

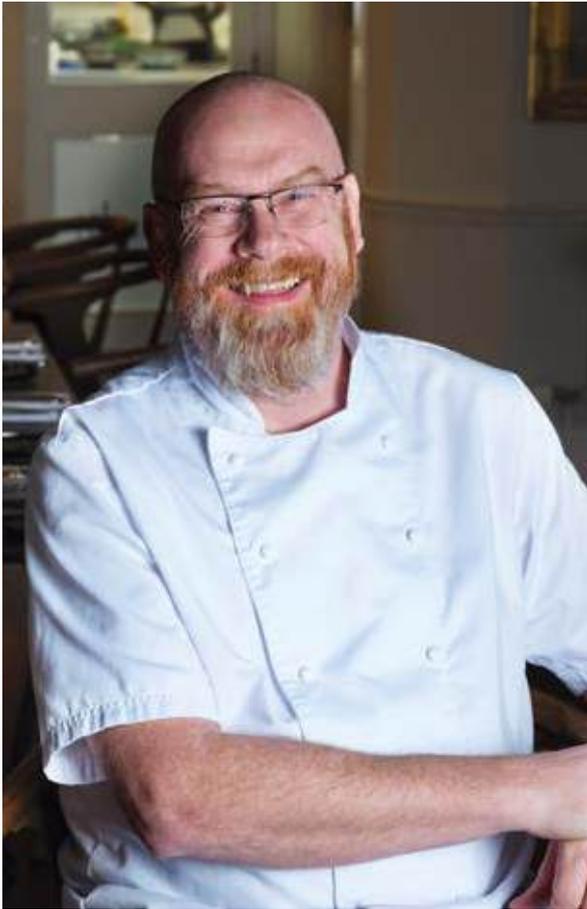

Ivan Capo, Head Chef • Weisses Rössli, Switzerland

Weisses Rössli has been part of Damn Delicious GmbH, the gastronomy business run by Federico Freiermuth. Federico bubbles with creativity and is constantly coming up with new ideas for Zurich's gastronomic scene. In September 2023, and at just 28 years old, Ivan Capo took over the helm in the kitchen. "I found that Steelite offers high-quality products that perfectly meet my specific requirements. Steelite's offerings consistently exceed expectations, providing customers with reliable solutions that fulfil their needs effectively. This commitment to quality ensures customer satisfaction and fosters long-term loyalty".

Massimiliano Mascia, Head Chef • Ristorante San Domenico, Italy

Opened in Imola in 1970, San Domenico had earned its first Michelin Star in 1975, shortly followed by its second in 1977. Right from its beginnings in the 1970s, the San Domenico took a whole new approach to the restaurant business which had, until then, simply been seen as an alternative to the domestic model. "At the Ristorante San Domenico of Imola, the kitchen has close ties to the land, it is a place where we seek out the best ingredients, grown under the best conditions; it is a place of constant evolution, where new techniques are at the service of tradition." "As I see it, respect for ingredients and their seasonal freshness is essential as it lays the foundations for further research and innovation of preparation techniques".

Simon Hulstone, Chef Proprietor • The Elephant, Torquay UK

Run by chef proprietor, Simon Hulstone and his wife Katy, The Elephant was the first restaurant in Torquay to be awarded a Michelin star & the only one to retain it. Which it has maintained Since 2006. The restaurant offers a delicious à la carte menu and set menus featuring fish, meat and vegetables all sourced locally from the surrounding area. All dishes served at The Elephant change regularly depending on the locally grown and reared ingredients that are best. Many of these are sourced from their dedicated farm. "I've been working with Steelite for 20 plus years and not once has Steelite sat still, every season a must have range has been designed that sits perfectly with my restaurant, my food and my customers."

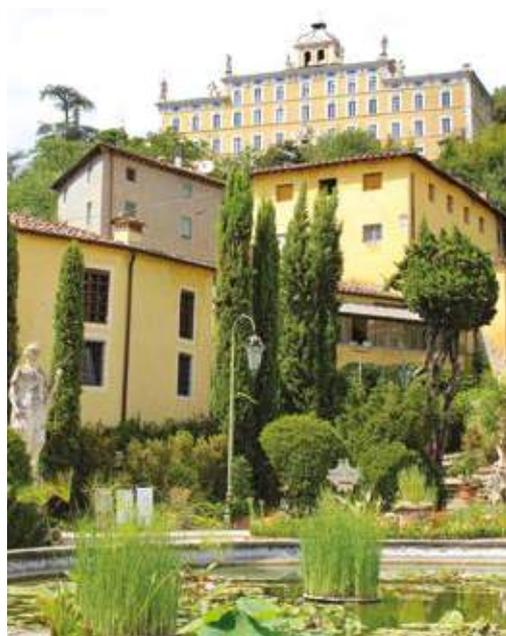

Asma Khan, Founder • Darjeeling Express, London UK • First British chef to be featured on Netflix's Chefs Table • Author of The Times Cookbook of the Year 2022, Ammu: Food to Nourish Your Soul, from a Life of Cooking
Darjeeling Express started as a dinner for 12 guests at home, serving Indian food lovingly cooked from family recipes that go back generations. Though the restaurant has changed and grown over the years, Steelite have been there every step of the way. "Bringing a dish to the table is a very personal thing. It presents your entire brand so it has to be beautiful and meaningful. It's been a huge difference to work with a company so big but they came across so personal. That's the real achievement of Steelite, and for me, that's the art of customer service."

Geni Perramón, Chef • The Tavern of the Gourmet, Alicante Spain

The Tavern of the Gourmet is a space where innovation is at the heart of service. Organic and traditional flavours, succulent tapas and montaditos, and salted cheese are prepared in a lively bar using the highest quality ingredients. The Tavern of the Gourmet is an example of the basic pillars of good cuisine: the best products, nice, comfortable space and professionalism. A gastronomic space that you must stop and visit. "Steelite is synonymous with bringing elegance to our tables. Excellent durability and service from the factory, also a lifetime edge chip warranty gives us peace of mind."

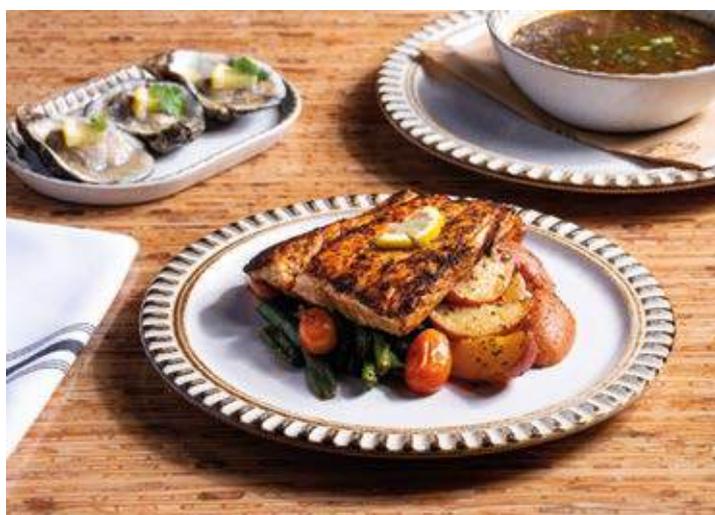

Iacopo Vannini, Chef Patron • Restaurant Villa Garzoni, Collodi Italy

The restaurant Villa Garzoni can be found in Collodi, the province of Pistoia revealing a perfect blend between the Tuscan traditional flavours and the innovation of contemporary cuisine, in a picturesque location. "There are moments in life when you meet someone for the first time and you feel you already know them. When I saw Steelite for the first time I was speechless, I knew I had found what I was looking for. I will continue to use Steelite for the rest of my professional life."

Brian Landry, Chef/Owner Qed Hospitality • The Kitchen Table Clermont, KY
Our restaurant, The Kitchen Table, is located on the Kentucky Bourbon Trail. When opening our restaurant, we wanted pieces that were upscale and comfortable, pieces that would highlight the nature of the Bourbon Trail. The Steelite products we selected are the perfect balance between high-end quality and comfort.

Jared Tees, Executive Chef • L'Auberge Casino & Hotel Baton Rouge, LA

Steelite always has something fresh on the horizon, and the collaborations with artists allow me to create a beautiful experience for our guests. The variety, from high end to casual and for specialties like Asian and sports bars, has enabled us to use it exclusively across multiple concepts. I appreciate that continuity, as well as the quality, pricing, and reliability. Working with the same reps over the last decade has also made this part of my job joyful.

Kimberly Lallouz, Chef • Restaurant Monsieur Montreal, Quebec

Steelite is everywhere around me – it's in all of my restaurants, in most of my photoshoots, and even my #1 choice for international competition plates. From Birdbar's laid-back fried chicken and champagne comfort dishes to Restaurant du MAC & Monsieur Resto+Bar more delicate and soignée plates. I love the variety, durability and look of the brand; there's something for everyone from the various lines that are offered. Customer service and client support are bar none, so it's a true pleasure for me to work with the reps and products alike every season.

Elegant, sophisticated and bold

Taking inspiration from early Greek mythology, Asteria is the goddess of stars, adding a sweeping bold, design to the tabletop. When paired with Nyx, the goddess of night, they form an interesting set of light and dark, that proves to be elegant, sophisticated, and bold.

Heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

The original Craft

Steelite is proud to introduce four new shapes to the iconic craft collection, bringing a stacking element that adds an exciting dimension to the tablescape. Craft is inspired by hand-crafted, simple country wares made by generations of potters over hundreds of years. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur naturally in the kiln. The gem-like glazes married to simple forms and shapes produce a unique and individual appearance, giving Craft a rustic “joie de vivre”.

Nuanced artisan experience

Using reactive glazes that change in colour and intensity depending on their application, Revolution glazes are specially formulated to enhance all the nuances experienced in their execution. Applied by hand using a revolving motion, the path the brush travels across each piece is evident in the fired result. The glazed surface of each piece in the range is as different and unique as the artisan that created it. This provides an ideal platform for Chef to showcase their art, no matter what the cuisine style.

Casual and easy-going style

The use of hand-applied reactive glazes on Revolution Edge frames food beautifully, allowing for a slightly more formal approach to relaxed presentations. Revolution Edge allows food to be presented on a clean white platform complemented by a contrasting colour field. This has the effect of highlighting Chef's creativity, allowing it to speak for itself.

Revolution Edge can be used as a single colour presentation or mixed and matched freely with others in the range. It also co-ordinates beautifully with Revolution for a more casual and easy-going style.

Classic contemporary

The addition of a hand-applied wash of colour to the Bead range provides a subtle but refreshing accent. This softens the look and adds a casual approach to the way Bead presents food. Classic, timeless, and perfectly proportioned, the Bead range takes on a Scandinavian feel in either the truffle or sage colourways and works brilliantly in either a traditional or contemporary setting.

Simple, yet sophisticated

The Nordic region has become synonymous with Chefs' skills in developing dishes that utilise the very best local ingredients and presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform and the new Nordic range encompasses these shared design values. The simple but sophisticated plate profile's allow Chef's space to present dishes that can 'breathe', whilst simultaneously being framed by a deep, gently-curving rim. This enables the ultimate showcasing of some of the most innovative and influential dishes belonging to this cuisine.

David Kinch

A daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

Profiles in elegance

Essence is a new shape in porcelain designed by Rene Ozorio. The collection of rimmed presentation and banquet plates, coupes, trays, and bowls provide a clean, modern look for tabletops and food presentation.

For Rene Ozorio, Essence signifies “the return to the pure nature of white porcelain in a shape whose sculptural simplicity speaks of modernity.” The thin, elegant profile provides a light & contemporary product that is durable and ideal for hotels & restaurants.

“In praise of shadows” ~ Jun’ichiro Tanizaki

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realisation of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain colour speak of quality and craftsmanship.

“Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion.” ~ Rene Ozorio

RENE OZORIO **Wabi Sabi**

The art of imperfection

Introducing the Wabi Sabi collection. Combining his simplistic porcelain shapes with reactive ceramic glazes, Rene Ozorio has developed a pattern of unparalleled raw beauty. Embodying an imperfect style and a natural semi matte finish, no two pieces of these double-fired, hand-glazed items are alike, providing chefs with the ability to plate on organically inspired pieces.

Simple, tactile, embossment

The Terrace range brings together the look and feel of Stoneware with the timeless appeal of a simple, tactile embossment. The range utilises semi-matt glazes which pool and interact with the embossed surface to give the impression of hand-worked, semi-precious stone.

The embossment is carefully arranged to draw the eye to the centre of each piece, where the focus is on the food, framing it perfectly. In addition to a useful range of standard coupe plate sizes, Terrace comprises a full suite of bowl sizes and shapes and a comforting beverage collection.

Truffle

Tastefully organic stoneware

Reminiscent of the dramatic landscapes and natural beauty of the Azores Islands of Portugal, the Folio Azores collection is comprised of tastefully organic stoneware. With graceful yet irregular shaped edges, Azores emulates the look of authentic, hand-thrown stoneware, designed specifically for casual dining and small bites. The reactive hand-applied glaze colours, are aptly named and inspired by the harmonious scenery of their namesake islands.

Carnaby **NEW**

Authentic, on-trend stoneware

Inspired by the iconic shopping & food scene of Carnaby Street in London's Soho, Carnaby by Maham Studio is a collection of authentic, one-of-a-kind stoneware pieces that are vitrified to meet the needs of commercial food service. Featuring a stackable, flared coupe shape, each piece is unique, showcasing variations in colour intensity and texture that add a distinctive touch to any table. Carnaby Dove emulates a Japanese brush technique called Hakeme, where an artisan applies a white glaze with tiny brown flecks to create a multi-dimensional, unfinished rustic look. While Carnaby Teal is a blend of blue and green hues that complement a wide range of Steelite products. Elevate any dining experience with the charm and versatility of Carnaby.

Coloured and neutrals/semi-matte glazes

Maham is a designer specialising in ceramics for chefs and restaurants. She has worked with the design group Queensberry Hunt for over 15 years on various design projects as well as working as an independent designer for retailers, factories and restaurants. For the Spice range Steelite and Maham explored the qualities of the unglazed outside and glazed inside, using a range of glaze effects - coloured and neutrals/semi matt and mottled. The range includes items not just for restaurants and hotels but also includes items for small bites/short eats and bar food. It mixes well with Craft, Brown Dapple, Robert Gordon and Anfora.

Off Grid Studio

The essence of hand-thrown stoneware

Steelite have teamed up with Off Grid Studio to create a unique collection of stoneware. A passion for hand-crafting ware on a potter's wheel led Off Grid Studio to start a business and build a 100% 'off-grid' home and pottery studio bordering a National Park in Gembrook Australia.

The raw clay body, representing the terra of the surroundings, is generally present in the minimalist stoneware shapes. Functionality and a strong connection to the hospitality industry drive the design process.

- Handcrafted aesthetic
- Fusion of form & function
- Unique collection
- Freezer, oven, microwave & dishwasher safe.

The essence of hand-thrown stoneware

Gembrook consists of two colours, creamy white and deep grey, where each item is decorated with a sheer white, hand-applied glaze, allowing the beauty of the clay to show through. The bottom of each piece and small portions of the top are unglazed, to authenticate where the potter would hold each piece while glazing, resulting in double dips, drips, and exposed clay lending to its hand-thrown authenticity. Meanwhile, a handful of pieces flaunt a distinct indent, which mimics the thumb mark of the potter and creates a conversation piece for diners.

Strahl

The elegance and feel of glass, but virtually unbreakable. The beverage ware of choice for some of the world's most prestigious hotels and resorts.

Beautifully elegant

All Strahl products are made of a high quality polycarbonate, a remarkable material that creates the clarity and elegance of glass. What's more, every product is hand finished to remove manufacturing join lines. The result? Beverage ware that's beautiful to look at, and equally beautiful to drink from.

Exquisitely versatile

With Strahl, it's possible to entertain in style, anywhere. Our exquisite products are designed to be chilled in either the refrigerator or freezer, while superior insulation properties keep beverages at optimal drinking temperature for longer.

Incredibly strong

Unlike glass, Strahl beverage ware doesn't shatter so it's an extremely safe and long-lasting alternative. Not only is it stronger, no Strahl product is complete until it has undergone a unique finishing process to extend its lifespan and durability.

Robert Welch ◦ 18/10

Honeybourne *Robert Welch*

Inspired by the traditional silversmith technique of planishing, the Honeybourne collection makes a tactile and light reflecting statement on the table. Featuring classic proportions of long tines and a traditional heel, the deliberately thin neck exaggerates the wide curves of the subtly textured handle. The feel in the hand is well-considered as the texture fades to smooth at the neck of each piece.

Sandstone cutlery by Robert Welch, features a unique 'stippled effect' which adds texture and tactility to the handles. Our Designers have added a subtle feature, by incorporating a gradual fading of the texture into the neck of each piece. Sandstone is a slender pattern and has a comfortable, 'soft feel' in the hand.

Finish: Bright 6032

Westbury Bright cutlery is a geometrically inspired design, featuring an unusual angled v-shaped bolster on the knife. The tapered handles finish at a diamond point. Comfort in the hand is a Robert Welch Designs signature and whilst not an obviously curvaceous design, the finish of the pieces is smooth to the grip.

Ashbury is a classic pattern with a contemporary twist; the knives feature a fluid curve which creates a feeling of movement. The table knife is designed to be poised for use, resting vertically with the cutting edge raised from the table top. The classic styling of Ashbury forks and spoons contrasts against the modern silhouette of the table, dessert and steak knives, as the gentle kick up of the end of the fork and spoon handles presents a mirror image of the downward curve of the knife handle. Traditionally shaped knives are also available.

Steak Knives

High-quality knives

Adam's original knife designs are based on over 20 years of knife making, his own professional kitchen experience, and the custom knives he has built for working chefs. He provides service for these knives exclusively, giving him first hand feedback on every detail from material to blade shape to edge geometry, to hardness, to hardware.

"The knives I began making and enjoyed the most turned out to be knives for cooking, which brought me full circle back to the sphere of culinary arts." - Adam Simha.

Hollowick Liquid Candles

Candlelight without the melted wax mess

Liquid candles from Hollowick are the ideal choice for lighting up the tabletop. These liquid fuel cells burn cleaner than solid wax candles and are disposable, making clean up quick and easy without the melted wax mess. Available in a variety of sizes, a strategically chosen liquid candle will sit low inside a table lamp in order to illuminate the colours or beauty of the lamp itself. With a burn time that is twice that of a standard tealight, Liquid Candles from Hollowick are staple for those restaurants & hotels looking for the elegance of live flame.

Proper use of liquid candles

In order to illuminate the colours and beauty of a lamp, select a liquid candle that sits low within the lamp, and does not touch the sides.

Chafing dishes at a phenomenal price point

We are pleased to bring hydraulic closing chafing dishes to the Creations collection. Each chafer has a convenient large glass view in the cover in order to increase visibility of the food while minimising the times the lid is opened, therefore keeping the heat in and the food at proper serving temperature. Additionally, the easy-to-remove hydraulic lid closes on its own to ensure that food is kept safe and covered during service. Great for any buffet display, these chafers are induction capable and perfectly priced for even the most value-conscious operators.

Care & use instructions

Seventy percent of product damage/loss occurs at the dishwasher table. To avoid such damage, ensure that the dishwasher table has sufficient space to store dirty items and avoid overloading trays or trolleys.

All items should be separated into type prior to washing. All washing equipment chemicals should be maintained and checked regularly. Check stock often; storage facilities should allow for stock rotation to prevent overuse.

China

- Should be washed within 45 minutes of removal from the table and pre-rinsed
- Avoid contact between china, dinnerware and metals
- Abrasive cleaning aids should not be used, i.e. scouring pads, steel wool, etc.
- Minimise handling to reduce glaze abrasion
- Do not stack more than 15" high
- Do not slide items across each other to reduce abrasions

- Be sure to rotate your stock to prevent uneven wear
- Only stack product that are designated stackable

- Cutlery should be washed separately from dinnerware
- Wash as soon as possible to prevent pitting from acidic food deposits
- A pre-soak in warm water is recommended to loosen food particles
- Make sure your cleaning agent is void of any abrasive or corrosive qualities
- Use upright baskets to prevent scratching and to aid drying
- Do not overfill the upright cutlery baskets
- If using a low temperature dishwashing system, carefully follow the manufacturer's instructions to avoid staining or corrosion
- On completion of the wash, allow the cutlery to air dry, hand dry if necessary
- Be sure cutlery is completely dry before storing in a dry location away from the kitchen
